Profile

Junior Front-End Developer with 1 year of hands-on experience building responsive and scalable web applications using **React.js, Next.js, TypeScript, and Tailwind CSS**. Experienced with modern frontend tools and libraries including **React Query, Context API, Axios, Zod, React Hook Form**. Proficient in API integration, state management, and form validation, with a strong focus on clean code and usercentered UI aligned with UI/UX principles.

Education

- Front-End Development Track, Route Academy (Mar. 2025 - September. 2025)
- Front-End Development Track, Project Development Management Unit, Damanhour University (Jul. 2024 - Oct. 2024)
- BSc in Information Technology, Faculty of computers and information system, Damanhour University (2020-2024)
 - Grade: 3.1
 - Graduation Project: Intelligent Medical System for chest hospital(IMS)
- Grade: A+

Technical Skills

- **Frontend:** HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap
- **Programming Languages:** JavaScript (ES6+), TypeScript, jQuery
- **Frameworks & Libraries:** React, Next.js
- **State Management:** Context API, Redux
- **Server State:** React Query
- **Forms & Validation:** React Hook Form, Zod
- **API & Data:** Axios, REST APIs
- **Tools & Version Control:** Git, GitHub

Projects

• E-Commerce Platform | Next.js

Developed a responsive e-commerce platform using **Next.js** with authentication via **NextAuth.js** and secure **Visa payments**. Managed cart and user state using **Context API** and integrated **RESTful APIs** for dynamic product data. Built accessible UI with **Tailwind CSS** and deployed the application on **Vercel**.

- **SocialApp | React**

Built a social media application using **React** with features including posts, comments, and user profiles. Implemented authentication and integrated **RESTful APIs** for real-time content updates. Managed application state using **Context API / React Query** and built responsive UI with **Tailwind CSS**.
